FEATURES

Double hung windows capture the charm of the traditional style but with the advantage of a durable, low maintenance finish.

The independent movement of both sashes allows you to regulate airflow according to your needs.

Some of the quality features built into every Tucks Double-hung windows include:

- Durable easy-clean aluminium profiles
- Sash guides to ensure a long rattle-free life
- Fast action cam lock for a quick positive lock up
- The option of a security sash lock
